EDUCATION

National University of Engineering

Degree in Systems Engineering - GPA 4.0 — Completed in 2023

- Top of my class.
- Ranked among the top three in project fairs (twice) | Student representative, 2021.
- 1.5 years in Competitive Programming FIIS UNI (Participation: IEEE Extreme).
- 2 years in GameDevsUNI (Video Game Development Group).
- Member of Nixvoid, a research group offering software-related courses

Hanyang Cyber University

Degree in AI Engineering — In progress (expected completion: 2027)

PROFESSIONAL EXPERIENCE

Credicorp

Platform Product Lead — Feb 26 – Present

- Defined and led the platform strategy and roadmap, enabling self-service capabilities and golden paths across the group.
- Led a team of expert platform engineers responsible for designing, standardizing, and scaling shared platform capabilities.
- Drove the evolution from technical governance to a product-oriented platform model, aligning developer experience, security, and operational efficiency.

Corporate DevSecOps Architect — Sep 24 – Ene 26

- Served as a technical advisor (VSDP, IDP, SEIP, AST, GenAI, FM, DAC) for multiple companies within the group.
- Led the InnerSource initiative to connect technology teams across 17 companies.
- Organized corporate technology events, such as IT Engineering Workshops.
- Led the technical governance of DevSecOps

DevSecOps Architect | Pacífico Seguros Staff — Mar 24 – Sep 24

- Managed and led the adoption of generative AI at Pacífico Seguros and PrimaAFP, Increased productivity by 20% across 310 developers and saving 1 millon dollars.
- Led the documentation-as-code project, reducing developers' time spent searching for documentation by 75%.
- Led the initiative to measure developers' productivity under DEVEX.

DevOps Specialist | Baufest Staff - Client: Pacífico Seguros — Aug 23 – Feb 24

- Led the project for adopting generative AI with GitHub Copilot, increasing productivity by 20%.
- Led the migration from Ansible Tower to GitHub Actions, saving $15,000.
- Upgraded AKS, migrated GitHub repositories, and standardized repository structures.

Artificial Intelligence and Robotics Lab

Research Collaborator — Aug 24 - Present

- Led a team of 3 students to explore AI applications with humanoid robots.
- Developed a system for conversational interaction using LangChain, LLM APIs, RAG mechanisms, and custom models.
- Achieved 100% cost savings on model training by leveraging open-source tools and free-tier cloud resources.

No Country

DevOps Engineer — May 23 – Jul 23

- Created CI/CD pipeline with Azure DevOps (GitHub, React, Spring Boot, SonarCloud, Docker, Terraform, Azure).
- Led a team of 6 people for the development of an e-commerce website.

Novatronic

Software Engineer Intern – DevOps Service Provider — Jan 22 – May 23

- Proposed, designed, and implemented an automated testing application (Cypress, Jenkins, Spring Boot, and Docker), leading a team of 4 people and reducing time from 28 to 4 hours.
- Led research on a database backup system, saving 4 thousand dollars.

- Led research on OpenShift (Participation in negotiation with Red Hat and OS Enterprise), led in negotiation, planning, and development of the pilot plan and PoC.
- Awarded as the innovation representative (Promoter of new technologies and DevOps culture).

Free-lancer

Web developer | Game developer | Data Analyst Jan 21 – Jul 22

- Designed and led the development of a business intelligence system for Leap Game Studios.
- Designed and led the development of a web platform for the sales force of Maderera Nueva Era.
- Designed and published video games and augmented reality applications.

Nixvoid

Instructor Sep 20 - Present

- Teach software development courses to students at the National University of Engineering.

SPEAKER AS A DEVOPS AMBASSADOR FOR THE DEVOPS INSTITUTE

- **DevOpsDays Medellín**, an international technology event held in Medellín, Colombia (2026).
- **DevOpsDays Argentina**, an international technology event held in Argentina (2026).
- **Agile Summit**, a technology event organized by Credicorp (November 2025).
- **InnerSource Summit**, an international technology event held in Germany, the United States, and Japan (November 2025).
- **DevOpsDays Santiago**, an international technology event held in Santiago, Chile (September 2025).
- **DevOpsDays Lima**, an international technology event held in Lima, Peru (August 2025).
- **GitHubWeek**, a technology event organized by Pacífico Seguros (December 2024).
- **DevSecOpsFest**, a technology event organized by Credicorp and BCP Peru (November 2024).
- **GitHub Connect**, produced by GitHub, a Microsoft company, and streamed on its official YouTube channel (June 2024).
- **DevSecOps Medellín**, an international technology event held in Medellín, Colombia (May 2024).

CERTIFICATIONS

- Azure Solutions Architect Expert AZ300 | Microsoft
- Azure DevOps Engineer Expert - AZ400 | Microsoft
- Azure Developer Associate - AZ204 | Microsoft
- Azure Al Engineer Associate- AI104 | Microsoft
- Azure Administrator Associate AZ104 | Microsoft
- Azure Fundamentals - AZ900 | Microsoft
- Azure Data Fundamentals – DP900 | Microsoft
- Azure AI Fundamentals - AI900 | Microsoft
- Terraform Associate | HashiCorp
- GitHub Foundations | GitHub
- GitHub Actions | GitHub
- GitHub Admin | GitHub
- GitHub Advance Security | GitHub
- GitHub Copilot | GitHub
- Google Cloud Platform Foundations | Google
- Google Cloud Computing Certificate | Google
- DevOps Ambassador | PeopleCert
- Platform Engineering Partitioner | Platform Engineering Org
- Generative AI Overview for Project Managers | PMI
- Data Landscape of GenAI for Project Managers | PMI
- Project Management for Beginners | PMI
- Containers & Kubernetes Essentials | IBM
- Ansible for Red Hat Enterprise Linux | Red Hat
- CCNA Cybersecurity Operations | CISCO
- AWS Technical Essentials | Amazon Web Services
- Google Cloud Platform Leader | Google
- Docker Essentials | IBM
- Relational Databases (RDBMS) Essentials | IBM
- Oracle Cloud Infrastructure Foundations | Oracle
- Artificial Intelligence Fundamentals | IBM
- Scrum Foundation Professional Certificate | CertiProf
- Cisco Certified Network Associate - CCNAv7 | CISCO
- Jira Fundamentals Badge | Atlassian
- Ansible Windows Automation | Redhat
- GitOps Fundamentals | Codefresh
- Databases for Developers: Performance | Oracle

TECHNICAL SKILLS

- **Version Control**: Git (GitHub, Bitbucket and Gitlab)
- **Testing**: Cypress and JUNIT
- **Containers**: Docker and Kubernetes
- **Cloud**: Azure, Google Cloud, AWS and Oracle
- **VideoGames**: Unity 3D
- **Scripting**: Python, bash, C++, Java and JavaScript
- **IaC**: Terraform
- **Automation**: GitHub Actions, Jenkins and Azure DevOps
- **Databases**: Oracle, PostgreSQL and MongoDB
- **AI**: LangChain, MCP, RAG, CAG, Fine Tunning
- **Design**: TOGAF, BPMN, C4-Model and UML
- **Additional Knowledge**: GitOps, SCRUM, Prompt Engineering, Architecture, CMMI and VSDP.
- **Office Automation:** Excel, Word, PowerPoint and Clipchamp.

SOFT SKILLS

Empathy - Proactivity - Teamwork - Discipline - Leadership – Creativity - Negotiation
